

To whom it may concern:

The National Alliance of Blind Students' (NABS) thanks Craig Allen for performing at our annual comedy night during our annual convention. Performing for an audience of blind individuals takes a special talent and Mr. Allen definitely has that talent! The room was packed full during his performance and laughs rang out the whole time. His demeanor is friendly and warm; I believe this is why he is so good at his job. Because his comedy act uses such realistic events, it makes the jokes even funnier. The act flowed and he interacted with the audience well. One attendee said, "I thought he was one of the best ones we've had. Very good humor for the audience." We strongly recommend having Craig Allen perform at an event.
